Math 400 Homework List

(for Larson 4th Ed.)

Calculus I

Instructor: M. Olsen

Exam HW Assignments. All sections that we complete from the time of the last exam to the current exam are expected to be handed in at the beginning of every exam. Successful Completion of all assigned problems means:

- You have attempted each assigned problem.
- You must turn in your HW at the beginning of class on exam days in a designated HW binder with the HW Notebook Grade sheet placed as the first page.
- You must paperclip, binder clip, or staple each section and include them in the binder in order.
- You must print your name, class and meeting times on the upper right corner of each assigned HW section along with the section number and list of all assigned problems.
- You must begin each new section on a new sheet of paper.
- Failure to do any of these can result in a loss of points.

All Homework will be collected at the beginning of class on Exam days and **will be graded for neatness, completeness, and following directions.**

Late HW will be not be accepted and no make-ups will be allowed on the Weekly HW without instructor approval.
