●	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30
31	32	33	34	35	36

▼ Rules:

- Player 1 chooses a number. He or she gets that many points. The opponent gets points equal to the sum of all the factors.
- Make a table to record scores:

Player 1	Player 2
10	7 (2 + 5)

- Mark out the number and the factors; these cannot be used again.
- Repeat with Player 2 choosing the number.
- Alternate turns until no numbers are left.

The player with the most points wins.
